## ARMED NEUTRALITY POLICY OF GREECE

### Inroads Upon German Commerce Are Being Made by British Submarines

(By Associated Press.)  
LONDON, Oct. 13.—Greece is maintaining an attitude of armed neutrality. Athens advises say that Greece does not consider the existing situation as a purely Bulgarian affair, therefore Greece is not bound by treaty with Serbia to come to the latter's aid in rescuing that country in the present Bulgarian attack.  
British submarines are making decisive inroads upon German commerce in the Baltic. Five steamers have been sunk within a few days.

## SIBERIAN EXPEDITION BRINGS RICH SPOIL

(By Associated Press.)  
LONDON, Oct. 13.—The last members of the Siberian expedition promoted by the Oxford university's school of anthropology and the Philadelphia university museum have returned to London with a rich collection of material and new information about a strange region.  
Miss M. A. Czaplicka, a native of Russian Poland, was the leader of the party, assisted by H. A. H. Hull of Philadelphia as ethnologist, Miss Curtis, an artist, and Miss Haviland, an ornithologist. They set out from London a year ago last May.  
The most curious tribe met in their travels was the Tungus, a primitive nomad people of the Mongolian type who live apart to themselves, have only vague notions about the Russians and the czar and no system of writing. They live in wigwams and have no occupation other than the breeding of reindeer and the hunting of white foxes. Their religion is a belief in good and evil spirits.  
A large collection of costumes, implements, weapons and copper and iron ornaments were brought home by the expedition.

## HEN PRODUCTS GO TO GREAT BRITAIN

(By Associated Press.)  
HANKOW, China, Oct. 13.—Prices of eggs, chickens and other poultry are so low in the Yang-tse-kiang valley that an English company has developed a large business in shipping such products to Great Britain.  
Practically every Chinese family in the remote country districts, as well as in the towns and cities, keeps chickens. The price of eggs in the villages accessible to river transportation is now about 3 cents a dozen. Spring chickens sell for about 6 cents each. In remote interior points, where copper coins are still largely in use, the prices are much lower.  
Many of the eggs purchased along the Yang-tse-kiang are dried for the use of bakers in Europe and other parts of the world. The whites and yolks are dried separately.

## DRAMATIC INCIDENT OF A LONDON NIGHT

### INTENSE SCENE WHEN TRAIN LOAD OF WOUNDED REACHES THE CITY

(By Associated Press.)  
LONDON, Oct. 13.—The arrival of the first wounded from the battle of Loos, following directly upon the first exciting news of the British advance in the west, was a dramatic incident of a London night. In a vast and gloomy railway station, which had as few lights going as were needed to show the way without betraying the place to a possible Zeppelin, a silent crowd had gathered. Suburban and overland trains were steaming in and pulling out, porters rushing about with trunks and bags on hand trucks, civilian passengers asking about platforms or arguing with the women inspectors, who are not yet entirely familiar with their duties.  
The crowd which waited silently and patiently in the midst of this bustle was composed of relatives of men at the front. Shortly before midnight, a train bearing the wounded drew up at a side platform. The gates swung open and the wounded, in torn and powder stained khaki, heads bandaged, arms in slings or on crutches appeared, followed by a procession of stretchers. After a rough crossing, the wounded, usually so cheery, had no cheers left in them, and the crowd felt no desire to cheer. Those able to walk were put into motor-cars and buses, and the men prostrate on the stretchers were lifted into ambulances. The watchers crowded up as close as the police would allow, looking for familiar faces. But it was against orders for the wounded to talk. Soon they were whisked away into the darkened streets of London, and the crowd dispersed.

## INSPECTED IRRIGATION PROJECT

Dr. A. J. Pollard, secretary of the Walker River Power and Canal company, spent all of last week in this section of the state in the interest of the East Walker Irrigation project and inspected the property, says the Virginia Chronicle. Special efforts are now being made to clear up the water title, which has been subjected to investigation because of the adverse claim of Ben Luce of Salt Lake City, who claims some water rights. The matter has been under investigation by the interior department for about two years, and Commissioner Clay Tallman has exerted himself to bring about a determination of the respective rights without unnecessary delay.

## BOLD ROBBERY AT ELKO

A complaint has been filed by A. C. Dorsey, stating that yesterday when he was asleep about 1 o'clock in the afternoon, someone entered his room, just after dinner, and stole about \$50 in money which he had in his clothes, which were hanging on the wall. The noise of someone being in the room awakened him and he gave chase and saw the man who took the money, and claims that it was stolen by a miner from Bullion named Sidney Ireland. Ireland was arrested and his trial is scheduled for October 15th.—Elko Free Press.

## JAPAN'S MUNITIONS ASSIST THE ALLIES

### Brown Men Send Assistance that Causes Central Powers to be Checked

(By Associated Press.)  
NEW YORK, Oct. 13.—Russia has been receiving munitions of war from Japan at the rate of twenty railloads daily for more than three months, according to Cyrus Robinson, a London mining engineer, who arrived today from Petrograd. He said that these munitions were a decisive help in checking the recent advance of the central powers.

## RUSSIAN ARMY WINS STRIKING VICTORY

(By Associated Press.)  
PETROGRAD, Oct. 13.—Another striking victory has been won by the Russians on the southern front in eastern Galicia. They pierced the last line of the Austrian defense on the Stripa river, and stormed one of the strongest points on the Austro-German right flank.

## TEUTON INVASION OF SERBIA PROGRESSING

(By Associated Press.)  
BERLIN, Oct. 13.—The Austro-German invasion of Serbia is progressing, although the Serbians by their resistance are interfering to some extent with the advance. A village and other positions south of Belgrade have been captured.

## AMERICAN LOAN BILL PASSED BY COMMONS

(By Associated Press.)  
LONDON, Oct. 13.—The American loan bill, as sanctioned yesterday by the house of commons, today passed through all stages in the house of lords, and immediately thereafter received royal assent.

## GYPSY QUEEN TO CUT STATION AT THE 1350

Superintendent Murphy today started work on a station at the 1350-foot point in the Gypsy Queen mine, the stump being 20 feet lower. It will require less than two weeks to complete this work, when a crosscut will be started in a southeasterly direction toward the North Star and Belmont ground, in order to pick up the ledge that was cut a little below the 1200. The drive will be in matrix trachyte, with good chances to cut other veins. There is considerable water making at present, but the baler is sufficient to handle it. As soon as the crosscut is under way it is the intention of the company to install a pump.

## INSTANTLY KILLED

Alfonso d'Olive, a section hand in the employ of the Southern Pacific railroad, was instantly killed recently while working near Natchez by being struck by a train. It is thought that in an endeavor to escape what he thought to be train No. 20, he stepped over to the track of the Western Pacific and as a train was just passing on that line he jumped back to the Southern Pacific tracks in the way of another train.

## TRAVELERS' CHECKS STOLEN

T. R. Goldsborough, anticipating a visit to the Panama-Pacific exposition, purchased ten \$20 A. B. A. traveling checks payable to himself, but when he went to his room night before last he found his khaki trousers missing, as well as the checks, which reposed in one of the pockets. He had left some currency in the coat, but it was not disturbed.

## RENO BAD CHECK MAN PLEADS GUILTY

A. G. Drexler, the man who passed \$1100 worth of bad checks in Reno last week before being arrested, waived a preliminary examination and says that he will plead guilty and wishes to begin serving his sentence as soon as possible. Information charging forgery was filed against him yesterday by the district attorney.

## EARTHQUAKE SHOCKS ARE LESS FREQUENT

Conditions have practically resumed the normal since last Saturday's earthquake, although slight tremors are felt every morning between 7 and 8 o'clock. Between 10 and 11 o'clock Friday morning a slight tremor was felt by occupants of the courthouse, but no damage was done.—Winnemucca Silver State.

## VILLA TROOPS COME IN MIGHTY FLOOD

(By Associated Press.)  
DOUGLAS, Ariz., Oct. 13.—General Calles, the Carranza commander in Sonora, has abandoned his attempts to check the influx of Villa troops, according to reports, and is concentrating his resources at Agua Prieta, Sonora, across the border from Douglas, apparently for a siege.

## INDIANAPOLIS MAYOR ACQUITTED OF CHARGE

(By Associated Press.)  
INDIANAPOLIS, Oct. 13.—Mayor Joseph E. Bell was today acquitted of a charge of conspiracy to commit felonies in connection with the primary and final election last year. The jury was out less than two hours. The mayor was indicted with 129 others.

## TUNGSTEN NEAR SODAVILLE

L. B. Spencer returned Monday from a visit to Sodaville and Lodi, where he has been on mining business. Mr. Spencer brings word of the closing of a deal whereby San Francisco people acquire the ownership of the tungsten mine, situated a few miles from Sodaville, which promises to be one of the best mining propositions in Mineral county. The value of the ore runs up into thousands of dollars per ton. Ten men will be put to work by the new owners.—Walker Lake Bulletin.

## GOOD SHOWING IN THE WILLIAMS MINE

G. B. Williams and H. P. Cirac came in this week from Eastgate and report considerable activity in the east end of Churchill county. Mr. Cirac says G. B. Williams is working men on the Northern at Eastgate and that they have a 4 1/2-foot vein in the winze. He says there is ore enough in sight to pay for putting up a mill and developing the property. This, he says, will make a mine.—Fallon Eagle.

## GOOD EXHIBITS

Mr. Lloyd B. Patrick, who is in charge of the Nevada exhibit in the Agricultural building at the San Francisco exposition, writes that the products sent from the Moapa valley to the state fair at Fallon have been forwarded to the exposition. The exhibits comprise more than thirty cases of products, including casabas, pomegranates, almonds, apples, pears, cucumbers, peaches, sweet potatoes, onions, etc. This addition to that which was already on hand from the Las Vegas valley, gives us the very best assortment of products to be seen at the fair, so says Mr. Patrick's report.—Las Vegas Age.

## ANTIMONY MINE MAKING GOOD

An interesting story of the varying fortunes of the mining game in Nevada has been brought out in connection with the development of the Antelope Springs antimony property, 21 miles east of Lovelock in the Humboldt range, now being operated by J. H. Causton, Thomas Thornberry and Web Harrigan. It is a story of good judgment and willingness to take a chance, which combination has produced in Nevada some of the greatest mines that ever poured their wealth into the channels of trade.—Review Miner.

## DISASTROUS FIRE AT VERDI

The home and office of Dr. W. L. Wilcox at Verdi, Nev., were completely destroyed by fire Monday afternoon, involving a loss of over \$3500. The origin of the fire is a mystery. For a time a large part of the town was threatened, but an engine sent from Truckee prevented the spread of the flames.

## BULGARS DECLARE WAR ON SERBIANS

### Twelfth Nation to Enter Combat Allies Itself with the Central Powers

(By Associated Press.)  
LONDON, Oct. 13.—Bulgaria has declared war on Serbia, according to Central News dispatches from Paris. Bulgaria is the twelfth nation to enter the war, and joins the ranks of the belligerents on the side of Germany. This decision was reached only after a diplomatic duel of months between representatives of the Teutonic allies and quadruple entente. The military strength of Bulgaria is about 300,000.

## BOSTON TAKES FIFTH GAME AND SERIES

1 2 3 4 5 6 7 8 9 R H E  
Boston 0 1 1 0 0 0 2 1 5 10 1  
Philadelphia 2 0 0 2 0 0 0 0 4 9 1

(By Associated Press.)  
PHILADELPHIA, Oct. 13.—The Boston Americans are the world's champions of 1915. The Boston Red Sox defeated the Philadelphia Nationals by a score of 5 to 4 in a game which was nip and tuck until the finish. Twice Philadelphia took the lead only to be tied, and Harry Hooper finally clinched it for Boston by a smashing home run into the right center field stand. It was Hooper's big black bludgeon that put Boston across a winner, the California boy knocking two home runs during the game. Duffy Lewis was another hero for Boston, his home run in the eighth sending in a run ahead of him, tying the score when it looked like a Philadelphia victory.  
Batteries — Boston, Foster and Thomas, Cady; Philadelphia, Mayer, Rixey and Burns. Mayer was replaced in the third by Rixey, a left-hander, after Hooper made his first home run, speaker also making a long hit.

## RESIGNATION MINISTER DELCASSE ACCEPTED

(By Associated Press.)  
PARIS, Oct. 13.—Foreign Minister Delcasse has resigned, and the resignation has been accepted. It is believed that it was due to ill health. Delcasse has been one of the foremost French statesmen for 25 years, having to his credit the inspiration which led to the formation of the Anglo-French cordiale.

## SENATOR'S RELATIVE IS RUN OVER BY AUTO

(By Associated Press.)  
OMAHA, Neb., Oct. 13.—Catherine Dorley, 19 years old, daughter of Henry Dorley, general manager of the Omaha World-Herald and granddaughter of United States Senator Hitchcock, was painfully injured last night by being run down by an automobile at a downtown crossing. Her injuries are not believed to extend beyond a severe scalp wound.

## CANTALOUPE RETURNS

During the season just closed the Moapa valley shipped 275 cars of cantaloupes and realized a net return of 80 cents per crate on the average. The shipments as to locality were divided as follows: Logan, 150 cars; Overton, 63 cars; St. Thomas, 26 cars; Moapa, 22 cars; Kaolin, 4 cars.—Las Vegas Age.

## FRENCH CABLE BROKEN

(By Associated Press.)  
NEW YORK, Oct. 13.—Announcement is made by the French Cable company of the breaking of its cable.

## LOAN AUTHORIZED

(By Associated Press.)  
LONDON, Oct. 13.—A bill authorizing the recent war loan negotiated in the United States, passed all stages of the house of commons yesterday.

## CHANGES ARE MADE ADMINISTRATION STYLE

### CONDITIONS ARE MUCH THE SAME AS THEY WERE UNDER THE "ANCIENT REGIME"

(By Associated Press.)  
LODZ, Poland, Oct. 13.—Great changes in the methods of administration have been made here and generally in the occupied Polish cities by the German military administration. The occupation found the cities existing, so far as communal government is concerned, under conditions much like those in France and Prussia under the so-called "ancient regime" of more than a century ago. The so-called "citizens' committees," which were, in some cities, appointed by the retreating Russians to take the places of the Russian officials who had departed, and in other cities were appointed on the initiative of the inhabitants, did good work, but were hampered by the lack of a solid foundation on which to build. The Germans, therefore, as soon as it became possible to do so, reorganized the whole system of municipal administration.  
This reorganization has been based on the municipal plan of Baron von Stein, which has for more than a century been the basis on which Prussian municipalities have been administered. The reorganization of the finances has been based on the plans of von Miquel, from 1890 to 1901 Prussian minister of finance. The cities are governed by a magistracy and aldermen, appointed from the citizens by the German authorities. The Poles, as the most numerous race, occupy a major portion of these positions, but Jews, so far as position and capacity permit, have also been appointed. German residents have naturally also been given places in proportion to their numbers and economic importance.  
The cities enjoy corporate rights—which were denied to them under the Russian rule—and can issue loans, acquire property, impose taxes, and in brief, do all things necessary to the proper development of a city.

## SYNDICATE PURCHASES THE WRIGHT INTERESTS

(By Associated Press.)  
NEW YORK, Oct. 13.—Orville Wright has sold his interests in the Wright Aeroplane company at Dayton, Ohio, to a syndicate including Albert Wiggin, president of the Chase National bank of New York City. The sale price is approximately \$1,500,000. Wright will retain some stock in the new company. He has been in ill health for a year.

## CUT AT INDUSTRIAL SCHOOL

Following the investigation at the state industrial school at Elko by Governor Boyle and the industrial home commission the expenses of the institution were cut from \$1500 a month to \$385.  
The Elko dry farm was also investigated and ordered closed on November 1. The place has not paid since it was established.

## SHIPS CARLOAD OF ORE

The Wittenberg company today finished hauling a 50-ton batch of ore from the Hasbrouck mine at Gold Mountain, which is controlled by George Kernick. The ore will be worked in the West End mill. This is the first shipment since stopping above the tunnel level ceased. The ore that is now being extracted comes from the winze. It is of very good grade, the gold values showing an increase with depth and the oxidation being less pronounced, the vein, which was badly shattered near the surface, now being found in more permanent form and better walled.

slan municipalities have been administered. The reorganization of the finances has been based on the plans of von Miquel, from 1890 to 1901 Prussian minister of finance. The cities are governed by a magistracy and aldermen, appointed from the citizens by the German authorities. The Poles, as the most numerous race, occupy a major portion of these positions, but Jews, so far as position and capacity permit, have also been appointed. German residents have naturally also been given places in proportion to their numbers and economic importance.  
The cities enjoy corporate rights—which were denied to them under the Russian rule—and can issue loans, acquire property, impose taxes, and in brief, do all things necessary to the proper development of a city.
